

**Save enough water to  
turn your pond into a lake.**

PulseFlow tunnels use a fraction of the water used by traditional tunnel washers. So more fresh water can stay where it belongs – in nature. Find out how your laundry can save money, time and hundreds of millions of gallons of water using PulseFlow Technology – only from Milnor.

**Contact an authorized Milnor distributor  
or call 504-712-7656 to find out more.**
